All relevant information for the above is to be displayed on the electronic communications platform on www.thetaonline.org.za as from the 12 of December 2005.

Kindly make use of the opportunity to peruse the information for comments and input - the input phase driven prior to the official Public Comments Phase which will close for industry input and comments on 31 January 2006.

Input will be enabled via the electronic communication platform.

THETA also wants to make use of this opportunity to thank our stakeholders and constituent base for the incredible amount of input received during the review period. A warm thank you also to the five Standards Generating Bodies and associated working groups, task teams and individual subject matter experts for the hard work with the project team to get this far in the process.

Yours sincerely

Mike Tsotetsi
Chief Executive Officer
